

SolarInnovate Energy Solutions

16kw sunsynk inverter factory in Congo

Overview

What is a sunsynk Max 16kw inverter?

The Sunsynk MAX 16kW is a low voltage (48V) hybrid inverter suitable for off-grid, grid support, back-up and self-consumption PV systems. Moreover, the inverter can also be used in both three-phase and single phase parallel applications. The largest single-phase hybrid Inverter on the market.

What is a sunsynk Max single phase inverter?

Experience a groundbreaking shift in power management with the Sunsynk MAX Single Phase Inverter, the world's most potent low-voltage inverter boasting an extraordinary maximum output power of 16kW and a rapid 300A battery charge current.

What is sunsynk Max?

Designed to empower users with exceptional control over power flow from various sources, including solar, grid, and generators, the Sunsynk MAX efficiently stores and releases power as needed, enabling you to unlock the full potential of your energy resources and achieve unparalleled energy parity.
