

SolarInnovate Energy Solutions

500kw mobile energy storage price

Overview

What is a Megatrons 500KW battery energy storage solution?

MEGATRONS 500kW Battery Energy Storage Solution is the ideal fit for commercial applications. Utilizing Tier 1 LFP battery cells, each commercial BESS is designed for a install friendly plug-and-play commissioning. Each system is constructed in a environmentally controlled container including fire suppression.

What is a Bess energy storage system?

The 10' and 20' systems are designed and shipped with the batteries pre installed utilizing UN 3536 shipping standards. Each BESS container has either a 300kW or 500kW PCS system offering a complete, install ready energy storage system. All system systems are offered with either 400VAC or 480VAC 3 phase interconnect voltages.

What voltages are available for a battery energy storage system?

All system systems are offered with either 400VAC or 480VAC 3 phase interconnect voltages. Each commercial and industrial battery energy storage system includes Lithium Iron Phosphate (LiFePO₄) battery packs connected in high voltage DC configurations.
