5a battery cabinet

Overview

How many batteries does the power cabinet STX have?

The Power Cabinet STX is available in three different versions, including either a 2A, 5A or 10A power supply. All versions have space for two 12V/18Ah batteries (not included). If larger batteries are required, a battery box can be ordered separately. The battery box provides space for two 12V/65Ah batteries (not included).

How many 12v/65ah batteries are in the battery box?

The battery box provides space for two 12V/65Ah batteries (not included). Power supply failures that may occur must be reported to the AutoSafe panel. In order to report such failures, an additional input module is required.
