How much does a Samsung Galaxy A16 cost in India?

Samsung announced its new budget 5G smartphone, the Samsung Galaxy A16, priced at \$202 (Rs 16,990 in India) approximately. The Samsung Galaxy A16 phone is available in black blue, light gray, gold and light green colors. As for the display, this phone has a 6.7-inch Super AMOLED display with a high refresh rate of 90 Hz.

Is the Samsung Galaxy A16 5G worth buying in 2025?

Yes, the Samsung Galaxy A16 5G is still worth buying in 2025. It offers a high-quality AMOLED display, great battery life, solid performance for everyday tasks, and long-term software support—all under \$200. For budget-conscious users, it's one of the best options out there. What are the Samsung Galaxy A16 5G characteristics?

.

What are the pros and cons of Samsung Galaxy A16?

Based on the above specifications, you can see the List of pros and cons (advantages and disadvantages) of the Samsung Galaxy A16 smartphone. Advantages Great battery holder with 25W fast charging. Cheap 5G smartphone. Super AMOLED display with 90Hz refresh rate. It comes with IP54, dust and splash resistant.

How much does a Samsung Galaxy A16 5G cost?

In fact, many budget phones don't even come close in the long run. As of July 2025, the Samsung Galaxy A16 5G price is around \$199.99 in the U.S. In Nigeria, it's available between ₦170,000 to ₦195,000 depending on the retailer. Some online stores offer bundle deals with cases or chargers, which adds extra value.

Does the Samsung Galaxy A16 5G have a charger?

Thankfully, the battery and charging setup on the Galaxy A16 5G isn't all bad news, as it carries over the same wired charging setup as Samsung's smallest Galaxy S25 model. That means you can tap into 25W wired speeds with a compatible charger, which is a bit faster than what you get on some of Motorola's cheapest devices.

What accessories do I need for my galaxy A16 5G?

If you're looking for accessories for your Galaxy A16 5G, such as cases, chargers, or battery packs, there are several varieties available! You can also use the Galaxy Fit3 with your A16 5G, which allows you to track your workouts and remotely control your phone's media and camera.
