ADB Photovoltaic Energy Storage Project

Overview

A consortium of development finance institutions led by the Asian Development Bank (ADB) and IPP Gulf have signed a US\$820 million loan agreement for a solar and storage portfolio in Thailand, they announced today (28 November). How will ADB finance solar-battery energy storage projects?

ADB will also provide blended concessional finance of \$31.35 million from the Clean Technology Fund to allow for the higher execution and operating risks of solar-battery energy storage system projects.

What is ADB's new solar project in Tuvalu?

"The project is under the Pacific Renewable Energy Investment Facility and has a \$6 million support. It is ADB's first for Tuvalu's energy sector," the ADB said in a statement. "The project also installed solar PV in the outer islands of Nui, Nukufetau, and Nukulaelae."

Does ADB support the energy sector?

72. ADB's support to the energy sector over the evaluation period is rated less likely sustainable. Since both projects are in their early stages of implementation, assessing their sustainability is slightly speculative.

Why is ADB partnering with Gulf?

Gulf CFO Yupapin Wangviwat emphasized the importance of ADB's support in mobilizing necessary capital for large-scale renewable energy projects in Thailand. With Gulf being a prominent power generation company in the region, this partnership aims to advance Thailand's clean energy goals while supporting sustainable development.

What does ADB stand for?

The Asian Development Bank (ADB) and Gulf Renewable Energy Company Limited have entered into a USD 820 million loan agreement to finance a portfolio of 12 renewable energy projects in Thailand.

What does ADB do in Thailand?

The company operates primarily within the energy, infrastructure and utilities, and digital sectors. Gulf CFO Yupapin Wangviwat stated: “Support from institutions like ADB, and the catalytic role they have in mobilising the necessary capital to develop large-scale projects, is pivotal to Thailand’s renewable energy sector.
