Advanced energy storage projects in Italy

Overview

Italy's environment and energy ministry has approved six utility-scale battery storage projects in Lazio, Campania, Basilicata and Puglia. From ESS NewsIs Italy a leader in industrial energy storage and commercial energy storage?

Accordingly, there is a growing market for industrial energy storage and commercial energy storage projects, positioning Italy as a leader in advanced Italy storage solutions and renewable energy Italy initiatives.

What is the future of energy storage in Italy?

MP: The future of energy storage in Italy is bright. With investments in technology, regulatory support, and declining costs, BESS will become a key pillar of Italy's transition to a sustainable energy future. Telis Energy is proud to play a role in this journey by originating, developing, and building high-quality BESS projects.

Why is a grid-scale battery energy storage system important in Italy?

As the penetration of solar power increases, grid stability has become a critical issue. In response, Italy is prioritizing the development of grid-scale battery energy storage systems (BESS Italy) alongside new industrial and commercial energy storage projects.

What will PNIEC Italy do in 2030?

PNIEC Italy envisions a robust energy storage landscape by 2030, targeting a total installation of 22.5 GW. This portfolio includes 8 GW of pumped hydro systems (largely already in place), 4 GW of distributed storage systems connected to residential solar projects, and a significant 11 GW commitment for new utility-scale facilities.

How much will Italy invest in utility-scale storage?

In support of these ambitious objectives, the Italian government recently received approval from the EU Commission for investment schemes aimed at

developing at least 70 GWh of utility-scale storage—an initiative projected to attract over €17 billion in investments over the next decade.

How important are Bess in Italy's energy transition?

MP: BESS are becoming increasingly vital in Italy's energy transition. With the ambitious targets outlined in the National Energy and Climate Plan (NECP), including reducing carbon emissions and increasing renewable energy to 30% of final energy consumption by 2030, BESS are essential.

Advanced energy storage projects in Italy

Italy Approves Two 162 MW Energy Storage Projects with ...

Dec 24, 2024 · The Italian energy market is marking another milestone with the addition of two battery energy storage system (BESS) projects in Sicily. With a combined capacity of 162 MW, ...

Copenhagen Infrastructure Partners enters partnership with GC Storage

Mar 26, 2025 · The partnership will jointly develop the pipeline of large-scale stand-alone battery projects across both Northern and Southern Italy
COPENHAGEN, Denmark, March 26, 2025

...

Powering Italy's Green Future: How Battery Energy Storage ...

Oct 9, 2024 · MP: The future of energy storage in Italy is bright. With investments in technology, regulatory support, and declining costs, BESS will become a key pillar of Italy's transition to a ...

21 Top Energy Storage Companies in Italy · August 2025 , F6S

Aug 1, 2025 · Detailed info and reviews on 21 top Energy Storage companies and startups in Italy in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

Italy Accelerates Solar Energy and Industrial Energy Storage ...

Apr 15, 2025 · PNIEC Italy envisions a robust energy storage landscape by 2030, targeting a total installation of 22.5 GW. This portfolio includes 8 GW of pumped hydro systems (largely ...

Altea gets approval for Aer Soléir's 1 GWh BESS in Piedmont, Italy

Nov 14, 2024 · Altea Green Power says it has a 1.7 GW battery energy storage system (BESS) project pipeline in Italy with the sites "in advanced development and available for sale."

Show organizer Renmad set to recognize Italy's energy

storage ...

Dec 11, 2024 · The first category rewards the company or installer that has successfully implemented advanced energy storage solutions in the grid or in specific projects, improving ...

Copenhagen Infrastructure Partners enters partnership with GC Storage

Mar 26, 2025 · Italy has a supportive regulatory framework allowing CIP to leverage its growing experience in the storage sector to successfully deliver these large infrastructure projects.
