

SolarInnovate Energy Solutions

Asia s leading manufacturer of photovoltaic panels for industry and commerce

Overview

Jinko Solar Co., Ltd. (referred to as "JinkoSolar," stock code: 688223) is a globally leading PV module manufacturer and energy storage system integrator. Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

Who is the world's largest solar panel manufacturer?

With over 300 GW of solar modules sold to date, JinkoSolar has been the world's largest solar panel manufacturer for five consecutive years, thanks in part to its vertically integrated production capacity, spanning from wafers to modules. Following closely are LONGi Green Energy and JA Solar, ranked second and third respectively.

Which country makes the most solar panels in the world?

Asia remains the dominant player in solar panel manufacturing, occupying all the top spots. This insight comes from Wood Mackenzie's report, "Global Solar Module Manufacturer Ranking H1 2024", which analyzes over 38 solar module manufacturers from 11 countries.

Who makes the best solar panels in Japan?

Sharp is another Japanese solar panel manufacturer and one of the best solar panels manufacturers and electronics corporations in the world. Also, having started the development of solar cells in 1959, it is one of the oldest companies to invest in solar energy. It may not be as recognizable as Panasonic or Samsung.

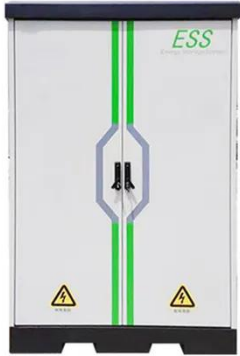

Who makes the best solar panels?

Last but not least on our list of the largest solar panel manufacturers is the Sharp Corporation, founded in 1912. Sharp is another Japanese solar panel manufacturer and one of the best solar panels manufacturers and electronics corporations in the world.

Who is pogreen solar?

POGREEN Solar is a leading manufacturer and supplier of innovative solar panels and systems, offering a range of products including high-efficiency solar cells and semi-flexible solar panels. Their commitment to driving down costs and providing competitive solar solutions positions them as a top player in the clean energy industry.
