

SolarInnovate Energy Solutions

Athens 5kw inverter manufacturer

Overview

What is a MV solar inverter?

A medium voltage station for centralized solar PV inverters DC harnessing. Three-phase central PV inverter at 1,500Vdc and 1,000Vdc. MV turnkey solution up to 7.2 MVA, with all the elements integrated on a full skid, equipped with from one to four INGECON SUN Power B Series solar inverters.

What types of inverters are available?

A wide range of inverters (solar pv and storage), tailored to suit any type of system scale: residential, commercial, industrial and utility scale.

How many GW of inverters will grenergy supply?

Grenergy has just signed a new agreement with the Spanish company Ingeteam to supply approximately 1 GW of inverters (298 units) for phases 4 and 6 of. These projects are expected to come into operation next year, generating approximately 255 GWh per year.

Which solar inverter has the highest power density?

Ingeteam's solar inverter with the highest power density thanks to its 3,825 kVA of maximum AC power. MV turnkey solution up to 7.65 MVA, with all the elements integrated on a full skid, equipped with one or two INGECON SUN 3Power C Series solar inverters. Multi-MPPT string inverter up to 350 kVA with 12 MPPTs and 1,500V technology.
