

SolarInnovate Energy Solutions

Austrian photovoltaic glass house manufacturer

Overview

Where are photovoltaic modules made?

Our expertise lies in the field of green technology, with a clear focus on the development and manufacturing of lightweight and flexible photovoltaic modules. At our production center in Wiener Neustadt, we utilize state-of-the-art fiberglass materials from the aerospace industry combined with highly efficient monocrystalline silicon cells.

Who is Energetica photovoltaic industries?

Energetica Photovoltaic Industries develops, tests and produces high-performance photovoltaic modules in Austria that are among the most technically advanced products in the industry worldwide. Our premium products are characterised by the highest performance, long service life and technological edge.

What is a large-scale photovoltaic system?

Large-scale photovoltaic systems with low load capacity for all types of roofs - industrial and commercial types of roofs. DAS Energy - Photovoltaic modules - developed and produced in Austria. Solar power - anywhere.
