

## SolarInnovate Energy Solutions

# **BAK manufactures portable energy storage power supply**

## Overview

---

BAK Power's products and services include cylindrical, prismatic and polymer batteries, battery packaging and battery solutions, which are mainly used in new energy vehicles, consumer products, and back-up energy storage. What products & services does Bak power offer?

BAK Power's products and services include cylindrical, prismatic and polymer batteries, battery packaging and battery solutions, which are mainly used in new energy vehicles, consumer products, and back-up energy storage.

What is Bak battery based on?

To seize these opportunities and overcome challenges, BAK Battery follows a value concept for energy storage based on "Technology + Layout + Market" and initiated its strategic plan in advance.

Who is Bak technology?

Read More . We are the proud Shenzhen BAK Technology Co., Ltd. Started in the heart of the innovation-rich city of Shenzhen more than 18 years ago, we have occupied a leading position in the rechargeable power industry.

Why should you choose Bak technology?

BAK Technology's batteries power many devices, making them work better and last longer. We focus on making batteries that work well for different uses. Our team of experts works hard to make batteries that fit exactly what you need. We make all kinds of batteries, from simple ones to advanced storage systems.

Why should you choose Bak battery?

Notably, prismatic lithium-ion cells boast enhanced cycle performance through material optimization and graphene conductive coating technology. BAK Battery has also improved low-temperature lithium ion conduction with new electrolyte additives, resulting in improved low-temperature performance for

LFP products.

How Bak & Siemens cooperate in digital industrialization?

BAK and Siemens has achieved strategic cooperation in digital industrialization. Fuzhou prismatic battery factory was officially put into operation. Big cylindrical battery launched 3 series/4 series/X series in China. Full-tab cylindrical battery customer cooperation. Small power business shipments hit a new high in BAK.
