

**SolarInnovate Energy Solutions**

# **Banjul Photovoltaic Container BESS**

## Overview

---

What is a Bess container?

BESS containers are more than just energy storage solutions, they are integral components for efficient, reliable, and sustainable energy management. BESS containers are designed for safety and scalability. Their ability to be stacked and combined allows for customization according to project size.

Why should you choose Bluesun energy storage container solutions?

The professional technical service team makes reasonable design according to the roof type of customers to ensure the efficient operation of customer projects. Bluesun provides 500 kwh to 2 mwh energy storage container solutions. Power up your business with reliable energy solutions.

What is a solar PV container?

The Solar PV Container is a containerized solar power solution. It has been designed with the aim of combining solar electricity production and mobility to provide this electricity everywhere around the world.
