

SolarInnovate Energy Solutions

Battery energy storage system in Croatia

Home Energy Storage (Stackble system)

High Efficiency

Easy installation

Safe and Reliable

Perfect
Compatibility

Product Introduction

- Scalable from 10 kWh to 50 kWh
- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem

- LFP battery, safest and long cycle life
- Stackable design, effortlessly installation
- Capable of High-Powered
- Emergency-Backup and Off-Grid Function

Overview

Can Croatia become a regional leader in battery energy storage?

The participants agreed that Croatia has the potential to become a regional leader in the integration of renewable sources and battery energy storage, but this requires a rapid modernization of the transmission and distribution network, as well as legislative adjustments.

Did Croatia get the green light for IE-energy's massive energy storage project?

Croatia got the green light from Brussels for a EUR 19.8 million grant to IE-Energy for a massive energy storage project.

Will ie-energy build the biggest battery system in southeastern Europe?

IE-Energy is planning to build a battery system of 50 MW, which means it would be the biggest in Southeastern Europe. The European Commission has approved, under the European Union's aid rules, a EUR 19.8 million Croatian aid measure in favor of energy storage operator IE-Energy.

Will ie-energy be the biggest energy storage project in southeastern Europe?

Croatia got the green light from Brussels to give a EUR 19.8 million grant to a domestic startup for a massive energy storage project. IE-Energy is planning to build a battery system of 50 MW, which means it would be the biggest in Southeastern Europe.

Is there a storage facility in southeastern Europe?

There is no storage facility in Southeastern Europe yet with such a capacity. Of note, a 250 MW project is under development in Turkey, with an envisaged capacity of 1 GWh. The batteries would be used for balancing services for the independent Transmission System Operator in Croatia (HOPS), domestic media reported.

What is solar flex Croatia 2025?

Solar Flex Croatia 2025 conference, organized by Renewable Energy Sources of Croatia (RES Croatia) in collaboration with SolarPower Europe and the European Commission as a general partner, emphasized the key role that investments in power system flexibility and battery system development play in Croatia's successful energy transition.

Battery energy storage system in Croatia

Launch of the Study on the Use of Battery Storage in Croatia...

Jul 8, 2025 · As a long-standing partner in the energy transition of Croatia, the EBRD recognizes battery storage as a key component in creating a more resilient, flexible, and sustainable ...

EU Approves EUR20 Million State Aid to Energy Storage Company in Croatia

Sep 15, 2022 · The European Commission has approved EUR19.8 million (US\$20.1 million) in state aid from the government of Croatia to energy storage operator IE-Energy for a series of grid ...

Uprise and Gurobi partner to optimise BESS deployment in Croatia

Jul 16, 2025 · Uprise, a trusted expert in transforming Europe's energy landscape, has partnered with Gurobi Optimisation, LLC, a leader in decision intelligence technology, to help a ...

Uprise and Gurobi Partner to Optimize Battery Energy Storage System

Jul 15, 2025 · BEAVERTON, Ore. -- Uprise, a trusted expert in transforming Europe's energy landscape, has partnered with Gurobi Optimization, LLC, the leader in decision intelligence ...

Uprise and Gurobi Partner to Optimize Battery Energy Storage System

May 8, 2025 · Uprise, a trusted expert in transforming Europe's energy landscape, has partnered with Gurobi Optimization, LLC, the leader in decision intelligence technology, to help a ...

Uprise and Gurobi Partner to Optimize Battery Energy Storage System

Jul 15, 2025 · Uprise, a trusted expert in transforming Europe's energy landscape, has partnered with Gurobi Optimization, LLC, the leader in decision intelligence technology, to help a ...

Subsidy of 20 million euros for Croatian grid-scale battery ...

Sep 15, 2022 · IE-Energy, a startup company based in Rijeka, received approval for a subsidy of 19.8 million euros for the project to build an electrical energy storage system at the grid level.
