Belgrade Photovoltaic Module Industrial Park Project

Overview

What is Serbia solar PV?

The electricity generated from the Serbia Solar PV will offset 1,900,000t of carbon dioxide emissions (CO₂) a year. UGT Renewables Serbia Solar PV will be a 1,000MW solar PV power project developed in a single phase. Articles, videos and more about our projects in Serbia.

What is UGT renewables Serbia solar?

UGT Renewables Serbia Solar is a ground-mounted solar project, which is planned over 2,000 hectares. The electricity generated from the Serbia Solar PV will offset 1,900,000t of carbon dioxide emissions (CO₂) a year. UGT Renewables Serbia Solar PV will be a 1,000MW solar PV power project developed in a single phase.

What is the largest solar power plant in Serbia?

“The DeLasol solar power plant is the largest PV facility in Serbia and an example of how by using solar energy we can simultaneously improve the security of electricity supply and environmental protection,” said Energy Minister Dubravka Đedović. The facility has a capacity of 9.9 MW and occupies an area of 12.5 hectares.

Could a utility-scale solar project be built on neglected land?

Utility-scale PV projects could be built on 200,000 hectares of neglected, low-value agricultural land that could host 2 GW of solar, according to the draft. The draft also envisages the construction of around 300 MW of PV plants, valued at €200 million, on land owned by state-owned power utility EPS, primarily on its coal ash dumps.

How much solar will Serbia have by 2024?

Serbia is currently targeting to deploy 8.3 GW of PV by 2024, according to a new plan recently drafted by the government. Utility-scale PV projects could

be built on 200,000 hectares of neglected, low-value agricultural land that could host 2 GW of solar, according to the draft.

Where is DeLasol PV project located?

The 9.9 MW DeLasol PV project is located in the municipality of Lapovo, central Serbia. Serbia's Ministry of Mining and Energy has announced that the country's largest PV facility has started commercial operations in the municipality of Lapovo, Šumadija district, central Serbia.
