

SolarInnovate Energy Solutions

Belize lithium battery manufacturer

Overview

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who is ATL batteries?

ATL is the world's leading producer and innovator of lithium-ion batteries. We are known worldwide for our high-tech, high-volume prowess in developing, producing and packaging high quality rechargeable lithium-ion battery cells and packs. Our service, know-how, production capacity and system integration capability is impressively outstanding.

What is ATL Li-ion battery?

The ATL Li-ion battery product family includes high energy density, high power, fast charge and arbitrary-shaped cells and so on. To cope with or even lead the market demand, we have developed various types of li-ion battery cells to meet the needs of many different consumer electronics devices.
