

SolarInnovate Energy Solutions

Berlin small outdoor power supply brand

Overview

Why should you choose a power supply company in Germany?

Their commitment to high-quality products and customer service positions them well to address specific market challenges. The Power Supply industry in Germany is characterized by several key considerations that potential entrants should be aware of.

Who is German power?

With the experience of a specialist in power supply systems for decades, we develop and produce smart power supplies in small and large quantities, from standard products to individual special designs. Welcome to German Power! Are you looking for smart solutions for your power supply?

No problem.

Who is Berger power supply?

The optimum power supply for every application Kataloge, Downloads und Informationen zu aktuellen Fördermöglichkeiten BERGER Stromversorgungen GmbH & Co, KG is one of the largest suppliers of electronically controlled power supplies for industrial and commercial applications with a product range of more than 30,000 different types of devices.

Are the prototypes of the power supply EMC-optimized?

The prototypes of the power supply are EMC-optimized by us. On request we compile all necessary documents for safety approval (EN, UL, CSA, IEC) and accompany the certification. We accompany the series production and its tests at our cooperation partners. Testing and final assembly is done in-house or at the assembler.
