Croatia Battery Energy Storage Project

Overview

Can Croatia become a regional leader in battery energy storage?

The participants agreed that Croatia has the potential to become a regional leader in the integration of renewable sources and battery energy storage, but this requires a rapid modernization of the transmission and distribution network, as well as legislative adjustments.

Did Croatia get the green light for IE-energy's massive energy storage project?

Croatia got the green light from Brussels for a EUR 19.8 million grant to IE-Energy for a massive energy storage project.

Will ie-energy build the biggest battery system in southeastern Europe?

IE-Energy is planning to build a battery system of 50 MW, which means it would be the biggest in Southeastern Europe. The European Commission has approved, under the European Union's aid rules, a EUR 19.8 million Croatian aid measure in favor of energy storage operator IE-Energy.

Will ie-energy be the biggest energy storage project in southeastern Europe?

Croatia got the green light from Brussels to give a EUR 19.8 million grant to a domestic startup for a massive energy storage project. IE-Energy is planning to build a battery system of 50 MW, which means it would be the biggest in Southeastern Europe.

What is solar flex Croatia 2025?

Solar Flex Croatia 2025 conference, organized by Renewable Energy Sources of Croatia (RES Croatia) in collaboration with SolarPower Europe and the European Commission as a general partner, emphasized the key role that investments in power system flexibility and battery system development play in Croatia's successful energy transition.

Will ie-energy accelerate the decarbonization of Croatia's energy sector?

In addition, it will accelerate the decarbonization of the Croatian energy sector, according to the announcement. IE-Energy is based in Rijeka, Croatia's fourth-largest city. It joined the intraday and day-ahead markets at the Croatian Power Exchange (CROPEX) last year. Documents reveal the project is scheduled to start on December 1.

Croatia Battery Energy Storage Project

Subsidy of 20 million euros for Croatian grid-scale battery project

Sep 15, 2022 · IE-Energy, a startup company based in Rijeka, received approval for a subsidy of 19.8 million euros for the project to build an electrical energy storage system at the grid level.
