

## SolarInnovate Energy Solutions

# EK Solar Air Conditioner Agent

## Overview

---

Who are the leading solar air conditioner manufacturers in China?

Shinson Technology Co.,Ltd: We're well-known as one of the leading solar air conditioner, hjt solar panel, solar charger, dc48v solar ac, dc rv air conditioner manufacturers and suppliers in China. Please rest assured to buy high quality products at competitive price from our factory. For more information, contact us now.

When did Ek start making air conditioners?

1964 EK manufactured its first air-cooled heat pump unit. 1965 EK promoted condensed thermal recovery of air-cooled units. 1968 EK produced air handling units and became into the leading brand of air conditioners in Italy. 1978 EK launched water source/geothermal heat pump units in Europe.

How does a solar AC work?

In simple terms, solar ACs use solar panels to power the air conditioning system. Solar panels collect energy from the sun. They convert this energy into power. That power either goes directly to the air conditioner or to a battery where it's stored until the AC needs it.

Are solar air conditioners a good choice?

Solar air conditioners are usually quieter than conventional air conditioners, making them an ideal solution for residential areas. In simple terms, solar ACs use solar panels to power the air conditioning system. Solar panels collect energy from the sun. They convert this energy into power.

What is a solar AC system?

Most solar AC systems are hybrid, meaning they use traditional electricity sources in addition to solar power. Hybrid systems are more popular in very hot environments where it's necessary to run the AC at night (when there's no sun) to keep comfortable. For complete off-the-grid air conditioning, there are

solar-only systems.

What does Ek stand for?

EUROKLIMAT (EK) pursues the ideals of protecting the environment, providing physical comfort and adopting energy-saving into the whole process of product R&D, manufacturing and service. Our products covering residential, commercial and close control air-conditioner are manufactured according to the global generally accepted standards.
