Overview

Which mobile operators are launching 4G LTE services in Timor-Leste?

All three major mobile operators: Timor Telecom (TT), Telkomcel (Telin Timor-Leste) and Telemor (Viettel Timor-Leste) have recently launched 4G LTE services. A local consortium has submitted an application to become the country's fourth telecoms operator.

What is the future of Telecommunications in Timor-Leste?

Over the next five years to 2023 the market is expected to grow very strongly but overall market penetration will remain extremely low compared to other nations. All three major mobile operators: Timor Telecom (TT), Telkomcel (Telin Timor-Leste) and Telemor (Viettel Timor-Leste) have recently launched 4G LTE services.

Can a frequency band be used in Timor-Leste?

The Table, however, does not present any right for a frequency band use (or a specific frequency) for development, production, import and operation of the relevant equipment without issue of duly completed authorization by appropriate national body, which is empowered for this duty by the Government of Timor-Leste.

What laws regulate radio frequency spectrum in East Timor?

Pursuant to subparagraph e) of Article 115.1 and to subparagraph d) of Article 116 of the Constitution of the Republic, the Government enacts the following to have the force of law, provisions of Chapter XIII of Decree- Law No. 15/2012 regulate Radio-Frequency Spectrum in East Timor.

Does Timor-Leste have a high speed service?

The new high speed service is available in all 13 of Timor-Leste's districts, providing territorial coverage of 70%. Timor Telecom was the market leader for a long time, but lost to Telemor recently.

Does Timor Leste have fixed broadband?

Due to a limited number of fixed lines as well as the dominance of the mobile platform, fixed broadband penetration in Timor Leste remains very low. However, the market has grown strongly over the past five years from a very small base, driven by a rising level of mobile subscribers with smartphones.
