# Energy Storage Project Updates

## Overview

---

According to incomplete statistics from the CNESA DataLink Global Energy Storage Database, in June 2025, newly commissioned domestic new energy storage projects totaled 2.33GW/5.63GWh, a year-on-year change of -65%/-66%, and a month-on-month change of -71%/-72%. Which company has signed a new battery energy storage system project?

Trina Storage has signed a new battery energy storage system project in Romania with Allview. Avaada Group has signed a INR 5000 Cr memorandum of understanding in Bihar, India, for the development of 1 GW of renewable energy infrastructure.

Where is a new battery energy storage system being built?

Aputura has received planning consent for a new grid scale 24 MW/48 MWh battery energy storage system near Glasgow. Akaysha Energy has announced that the first 350 MW (700 MWh) of the Waratah Super Battery is online. Cambridge Power has secured planning approval for a 50 MW battery storage project in Hertfordshire, UK.

Who is planning a 50 MW battery storage project in Hertfordshire?

Cambridge Power has secured planning approval for a 50 MW battery storage project in Hertfordshire, UK. Fotowatio Renewable Ventures (FRV) Australia has announced the financial close of the Gnarwarre battery energy storage system project, with a capacity of 250?

MW/500?

MWh.

Are energy storage solutions becoming more critical?

As the world shifts toward renewable energy, energy storage solutions are becoming more critical than. As the world embraces renewable energy, energy storage has become a critical player in the. Get insights into energy

storage technologies, battery advancements, and grid solutions shaping the future of clean energy at Renewable Wire.

Can energy storage solve the US power crisis?

How energy storage could solve the growing US power crisis The opportunity is clear: with the right policy reforms, revenue mechanisms, and investment frameworks, energy storage can deliver near-term reliability, long-term resilience, and economic returns.

Who is supplying 68 MW battery energy storage system?

Wärtsilä will supply a 68-MW battery energy storage system in Lerwick, Shetland, under an engineered equipment delivery contract to Zenobe, a leading UK owner and operator of grid scale battery storage. Trina Storage has signed a new battery energy storage system project in Romania with Allview.

## Energy Storage Project Updates

---

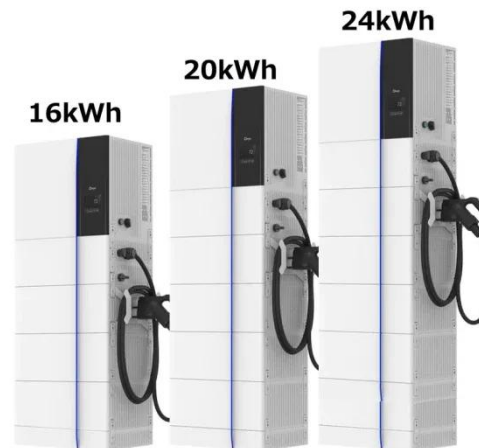

### June , Monthly Project Tracker of New Energy Storage , User-Side Energy

Jul 22, 2025 · In June, Zhejiang filed over 310 new user-side energy storage projects, a year-on-year increase of 14%, continuing to lead nationwide. Jiangsu filed over 150 new user-side ...

---

### Strata signs tolling agreement for 400-MWh Arizona battery , Energy

Nov 12, 2024 · US solar and storage development company Strata Clean Energy LLC on Tuesday said it has signed a 20-year tolling agreement for its 100-MW/400-MWh White Tank energy ...
