# High quality solar power unit in Los-Angeles

## Overview

---

Who are the best solar companies in Los Angeles?

Here are the top companies we recommend for solar in Los Angeles: Established in 2009. Sol-Up's commitment to quality is especially visible in our installations. As Southern Nevada's only NABCEP certified residential installer, Sol-Up combines years of experience in the field with the latest installation methods to provide .

What types of solar services are available in Los Angeles?

HVAC, roofing, insulation, window and ground-mounted installations also available. Pay upfront or financing through a loan or PACE funding. Want your company to be on this guide?

Los Angeles's top solar companies are OC Solar, Sunrun and Sunlux. Compare reviews, services, warranties and more.

How much does solar cost in Los Angeles?

A typical residential solar panel installation costs \$13,275 in Los Angeles. Solar loans, leases and other programs make it easy to go solar with minimal upfront costs. Solar scammers may falsely claim to be affiliated with a Los Angeles County or California government agency.

Can solar panels save you money in Los Angeles?

Getting the right solar panel installation company for your home is an important decision, but it's one that can save you a lot of money in Los Angeles. Because solar panels generate their own energy, they can vastly bring down your electricity bill each month, if not completely eliminate it.

What types of solar installations are available in Southern California?

Southern California solar installations for homes and businesses. HVAC, roofing, insulation, window and ground-mounted installations also available.

Pay upfront or financing through a loan or PACE funding. Want your company to be on this guide?

Los Angeles's top solar companies are OC Solar, Sunrun and Sunlux.

Should you get a solar loan in Los Angeles?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the incentives (tax credits, rebates, etc.) available in Los Angeles, rather than a leasing company retaining them.
