# High quality thermal breaker in Malaysia

## Overview

---

Why is Malaysia a good location for circuit breaker production?

Malaysia's strong electronics manufacturing industry and strategic location make it a prime location for circuit breaker production. According to the Malaysian Investment Development Authority (MIDA), the country is a major player in the global semiconductor market and has a significant presence in the electronics industry.

Which air circuit breakers are available in Malaysia?

Their air circuit breakers are available in various sizes, including MO – Frame Size 1, 2, and 3 withdrawable models and MO – Frame Size 1, 2, and 3 fixed-mounted installations. At SCH Teknik Sdn Bhd, they strive to be Malaysia's market leader for high-quality protective devices.

Who is THK circuit breakers?

THK is a leading electrical product manufacturer based in Kuala Selangor, Malaysia, with a global reach. Their highly skilled development team specializes in producing top-quality circuit breakers for a range of applications.

What is a low-voltage air circuit breaker?

One of their popular products is the low-voltage air circuit breaker manufactured by Mitsubishi Electric. These circuit breakers are designed to be used as the main circuit breakers for power distribution systems in buildings, factories, and ships.

What are circuit breakers used for?

These circuit breakers are designed to be used as the main circuit breakers for power distribution systems in buildings, factories, and ships. They offer high-level circuit monitoring and friendly networking, making them an excellent choice for various applications.

Who is mittric Sdn Bhd?

Mittric Sdn Bhd, established in 2001 in Malaysia, is a leading supplier of low-voltage electrical switchgear products to the M&E industry in the country. As the sole agent for Mitsubishi Electric low voltage switchgear products since 2001, Mittric Sdn Bhd has made the products one of the market-leading brands in Malaysia.
