Overview

How do I use a shared power bank?

Using a shared power bank is straightforward. Here's a step-by-step guide:
Locate a Power Bank Station: Shared power banks are available at numerous stations, including malls, restaurants, and public transport hubs. Scan the QR Code: Most power bank stations have a QR code. Scan it with your mobile device to start the rental process.

How do I use the power bank?

Charge Your Device: The power bank comes with multiple cables, including micro USB, USB-C, and Lightning connectors. Plug in your mobile phone and start charging. Return the Power Bank: When you're done, return the power bank to any station. The rental fee will be calculated based on the duration of use. Extended Reading:.

How to avoid overcharging a mobile device in China?

Avoid Overcharging: Disconnect your device once it's fully charged to avoid any potential issues. Shared power banks in China are a game-changer for travelers. They provide a convenient, cost-effective, and environmentally friendly way to keep your mobile devices charged.

What are the safety precautions if using a power supply or charger?

IMPORTANT SAFETY INSTRUCTIONS 1. Store product in a cool and dry place. 2. Do not store the product in hot (45°C and above) or humid environment (60% RH and above). 3. Use of a power supply or charger not recommended or sold by the product manufacturer may result in a risk of fire or injury to persons.
