

## SolarInnovate Energy Solutions

# Huawei makes photovoltaic panels in Belgium

## Overview

---

Who makes solar panels in Belgium?

By offering comprehensive services from design to installation, Soltech ensures that its clients benefit from the full potential of solar energy, making it a standout manufacturer in Belgium. Energys, located in the heart of Flanders, is renowned for its innovative approach to solar panel technology.

How will Belgium's solar panel industry grow?

Belgium's solar panel industry is poised for continued growth, driven by innovative manufacturers and supportive supply chain centers. By leveraging strategic locations like Antwerp and Ghent, companies can optimize their operations and reach wider markets.

What is the solar energy industry in Belgium?

The solar energy industry in Belgium is a diverse and vibrant market, boasting a variety of companies who contribute to sustainable energy solutions. These companies specialize in areas such as solar panel installation, home automation services, and renewable energy source promotion, ensuring citizens have access to energy-efficient options.

Is Huawei a member of Solarpower Europe?

Huawei, a long-time 'sponsor' member of SolarPower Europe contributing €60,000 annually, is the first company to be removed from the association. Brussels-based renewable lobby group SolarPower Europe has expelled Chinese electronics giant Huawei from its members amid an ongoing EU bribery investigation into the company.

What makes GreenSun a key player in Belgium's solar energy sector?

Energys' blend of innovation, quality, and strategic positioning makes it a key player in Belgium's solar energy sector. GreenSun, based in Liege, is a dynamic solar panel manufacturer that specializes in producing eco-friendly

and high-performance solar panels.

Why was Huawei removed from Solarpower Europe?

But in March, Belgian authorities launched a bribery investigation into the company's dealings with EU institutions. "The SolarPower Europe Board took the decision to exclude Huawei on 28 April 2025," said a spokesperson – marking the first time a company has been removed from the association. Huawei could not be immediately reached for comment.
