## Overview

---

How does Belgium support solar panels?

Belgium encourages the use of solar energy by offering various forms of financial support. This support makes the installation of solar panels more affordable for many people. Each Belgian region (Flanders, Wallonia and Brussels) offers money to help pay for the installation of solar panels. The amount varies depending on where you live.

Can solar panels be installed in Brussels?

In Brussels, additional regulations are added: the solar panels can not be visible from a public space, and they do not protrude more than 30cm off the roof. For the installation of solar panels on the ground, on a protected building or in other regulated cases, you will have to contact your municipality.

How to reduce solar power installation costs in Belgium?

Many countries and states offer incentives and tax credits to encourage solar adoption. These programs can significantly reduce solar power installation costs in Belgium, although they often require compliance with specific standards and guidelines.

Can you install solar panels on a roof in Belgium?

Installing solar panels on your roof is a (very) cost-effective operation. In Belgium, there are a number of subsidies to help cover the cost of installing solar panels. You can also choose the model of the self-consumption of energy produced by panels, which is also very advantageous.

Does Belgium pay for solar panels?

Each Belgian region (Flanders, Wallonia and Brussels) offers money to help pay for the installation of solar panels. The amount varies depending on where you live. Go to an online simulation to find out more. In Wallonia, for example, this aid can cover a large part of the installation costs.

## Are solar panels a good investment in Brussels?

Residents of Brussels with solar panels installed can expect to receive around 10% more green certificates for the electricity generated in 2022 than they did last year. The Region wants to continue to guarantee the repayment of investments in solar over seven years, Bruzz reports, following advice to this effect from energy regulator Brugel.
