Ip68 waterproof outdoor power supply

Overview

What is an IP68 waterproof connector?

An IP68 waterproof connector is widely used to connect electric cables of outdoor electric equipment. It has a TUV CE certificate and protects your safety. It is named PG9, available in M20, M25, 2/3/4/5 pin configurations, and is used for underwater cable waterproof connectors.

What is an IP68 waterproof enclosure?

An IP68 waterproof enclosure is protected from immersion for 24 hours at 1 meter depth. It is made of UV-resistant ASA material and is perfect for use as outdoor gateway/network devices.

Is globtek a water-proof power supply & AC adapter?

GlobTek offers one of the most complete water-proof and weather-proof power supply and AC Adapter offering in the industry.

Does globtek support IP 68?

With some models offered with an optional IPx2 (IP42 / IP52), IPx3 (IP43/IP53), IPx4 (IP44/IP54) and some models specifically designed for IP67 and IP 68 ratings GlobTek can provide a solution to any application requiring Ingress protection.

What is a UL certified waterproof & weatherproof solution?

Ingress protected waterproof and weatherproof solutions are internationally certified to IEC/UL/EN 62368-1 (ICT), 60950-1 (ITE), Limited power source (LPS), 60601-1 (Medical), 60335 (Household use), 61558 (Transformers), EN50155 (Trains Railway), Class 2 (UL 1310), and EN 60079-18 (Explosive atmospheres).

Where are globtek power supplies made?

The power supplies can be supplied with customer designated output plugs, many of which are stocked at GlobTek New Jersey USA, Münster Germany, and Suzhou China locations. GlobTek's line of waterproof and weatherproof power supplies are produced in GlobTek's wholly owned ISO9001, ISO13485, and ISO14001 certified facilities in Suzhou China.
