

**SolarInnovate Energy Solutions**

# **KLNE Photovoltaic Inverter**

## Overview

---

Beijing Kinglong New Energy Technology Co., Ltd. Solar Inverter Series Solartec 1500-5000. Detailed profile including pictures, certification details and manufacturer PDFWhat happened to KLNE inverters?

While inverters were KLNE's bread and butter in the early years, the company pivoted to energy storage - dropping inverters entirely - before it also disappeared entirely. Its website went offline sometime after 2022. KLNE supplied grid-connect photovoltaic inverters to Australian customers.

What is KLNE solartec?

16A 220V/230V/240V 50Hz 0 single-phase 96.6% 95.5% 99.5% short-circuit diode The KLNE Solartec series of small grid-connected inverter works in the 1KW-5KW power range and is mainly applied in a small home grid-connected PV power generation system.

What is a KLNE solartec 1500?

Grid-connected inverters Model Solartec 1500 The KLNE Solartec series of small grid-connected inverter works in the 1 KW-5KW power range and is mainly applied in a small home grid-connected PV power generation system.

How many MPPTs does a KLNE inverter have?

The original Solartec series, also transformerless, ranged from 1.5kW to 5kW and had one MPPT. However, these were superseded by the SolarTec D that had two MPPTs and was available in capacities of 2.5kW to 15kW. There was nothing particularly exciting about KLNE inverters, even for their time.

What are the different types of solar inverters?

The two main product lines were Solartec and Sunteams, which offered efficiencies of up to 97.5%. The Sunteams inverters were transformerless, single Maximum Power Point Tracker (MPPT) units available in capacities of 1.5kW to 12kW. The original Solartec series, also transformerless, ranged from

1.5kW to 5kW and had one MPPT.

Where is KLNE based?

KLNE was founded in 2008 and its main warehousing and manufacturing facilities were located in Changzhou. The company also set up several subsidiaries - in Germany, Italy and Australia. Its Australian office was established in Melbourne in 2011. Their time here didn't last long, with the Australian subsidiary deregistered in 2013.
