

SolarInnovate Energy Solutions

Lithium battery customized portable power supply

Overview

Who is Lithium Power?

Welcome to Lithium Power, Inc., Your premier choice for cutting-edge lithium battery design and manufacturing solutions. With an unwavering commitment to innovation, LPI is revolutionizing the mobile/portable energy and energy storage industries one battery at a time.

Why should you choose lipower for your portable power station?

As a pioneer manufacturer of portable power station, Lipower offers you full range of portable energy storage solutions. From compact series of 500W capacity to heavy-duty series of 3000W or more, we deliver to you functional portable power stations in superior quality that can meet any of your target market needs.

What are Lithium Power Batteries used for?

Whether you require batteries for industrial, medical, autonomous robotics, commercial drones, e-mobility, off-road vehicles, renewable energy storage, or drop-in lead acid replacement, our state-of-the-art manufacturing facility and rigorous quality control processes ensure every Lithium Power battery pack exceeds industry standards.

What types of batteries can be custom made?

According to different requirements, Li-ion, Li-po , Ni-Mh battery pack can be custom made. Consumer Electronics, Intelligent Household, Power Device (electric tools, toys, model aircraft, unmanned aerial vehicles (uavs), medical equipment, AGV robot, auto stop power supply).

Is a large capacity lipower power station a good backup power solution?

The large capacity lipower power station will be a perfect backup power solution, which can meet your needs. As a testament to the confidence we have in our products, we offer a 1-year warranty on all of our products. The

warranty supports any concern regarding our products and includes quick replacements whenever needed.

Who is lipower?

With 20 years of battery manufacturing experience and 10 years of portable power station developing experience, Lipower is committed to offering you high quality portable energy storage and generating products at affordable prices.
