Lithium battery manufacturer in Portugal

Overview

Will a lithium battery factory be built in Portugal?

According to the latest report on February 21st, battery manufacturer CALB will invest 2 billion euros (approximately Yuan 15.1684 billion) in Sines, Portugal to build a lithium battery factory aimed at providing high-performance energy storage batteries for the European electric vehicle industry.

Why should Portugal invest in a battery factory?

“Our factory will not only create new jobs but will also place Portugal at the forefront of the production of batteries for electric vehicles in Europe,” he highlights. According to CALB, “this strategic investment” aims to “reinforce its presence in the European market for electric vehicles (EV) and energy storage systems (BESS)”.

Can Portugal build a fully integrated lithium supply chain?

Alongside Spain, Portugal is leveraging its abundant lithium deposits to build a fully integrated supply chain, covering: Strengthening Europe’s battery ecosystem by reducing reliance on Chinese manufacturers will enhance supply chain security and create a more resilient local production network for lithium-ion batteries.

Will China build a lithium battery factory for cars?

The project to build a lithium battery factory for cars owned by the Chinese company CALB in Sines, with 15 GWh (Gigawatts/hour) of energy storage, is launched.

Where will the new lithium battery factory be built?

In a statement sent to the Lusa news agency, the Chinese company, a global leader in the production of lithium-ion batteries, announced that the project for the construction of the latest generation lithium battery factory will be

launched on Monday at the Técnico Innovation Center, in Lisbon.

Which country has the largest lithium reserves in the world?

Portugal has some of the world's largest reserves of lithium, a key ingredient in the batteries that power electric cars: an estimated 60,000 tonnes, according to the US Geological Survey. Chinese battery manufacturer CALB will build a production facility for lithium-ion batteries in Sines, Portugal.

Lithium battery manufacturer in Portugal

Calb to build a Zero-Carbon Battery Gigafactory in Portugal

Feb 27, 2025 · The Battery manufacturer CALB, headquartered in China, is planning to invest 2 billion euros in Sines, 1h30 min south of Lisbon, to build a lithium battery manufacturing plant ...

CALB to start construction of battery factory in Portugal

Feb 25, 2025 · Chinese battery manufacturer CALB will build a production facility for lithium-ion batteries in Sines, Portugal. The factory, which is intended to start production in 2028, is ...

Full article: Lithium resources and electric mobility in Portugal

Apr 10, 2025 · ABSTRACT Global interest is being given to battery electric vehicles (BEVs), key in transitioning to a low-carbon economy. The growth of BEV production is leading to increased ...

CALB to Invest \$2.09 Billion in Portugal Gigafactory for EV Batteries

Feb 26, 2025 · CALB invests \$2.09 billion in a gigafactory in Sines, Portugal, to produce 15 GWh of lithium batteries annually by 2028. This project strengthens Europe's EV battery supply ...

China's CALB Sees 'Opportunity' for Battery Factory in Portugal ...

Aug 19, 2023 · The new partnership between car manufacturers Xpeng and Volkswagen is seen by China Aviation Lithium Battery Technology (CALB) as "an opportunity" for its planned ...

China's CALB EUR 2 billion Investment in Portugal Moving ...

Jan 24, 2024 · China Aviation Lithium Battery Technology's (CALB) project for a lithium battery factory in Sines, in Portugal, which is under public consultation. The unit foresees an ...
