---

Which is the best uninterruptible power supply manufacturer?

With 20 years of R&D experience in UPS industry, SCU, one of the biggest uninterruptible power supply manufacturers, provides 6KVA to 900KVA UPS products that are highest levels of availability, reliability and efficiency. SCU UPS products cover applications from IT rooms to large data centers and industrial plant and so on.

Who are the authorized service partners for Serbia & Montenegro?

We are authorized service partners for Serbia and Montenegro of the world's most reputable manufacturers in the field of uninterruptible power supply- APC by Schneider Electric, Eltek, FIAMM and CGM. The service is performed at the Konvereks Service Center or at the customer's location.

How does an industrial uninterruptible power supply work?

While industrial uninterruptible power supply can work like a back-up power source, which converts utility power from AC to DC and provides DC current to battery for storage. When utility power fails, power stored in the battery will be discharged to supply the equipment.
