Overview

Who is the best power supply company in Russia?

In the world of power supplies (PS), it is quite a well-known company on the Russian market. I know that MEAN WELL company is the absolute leader on the PS market. I became curious about comparing these companies.

Who imports power supplies to Russia?

Import of power supplies under the customs codes 8504408200 and 8504409000, in 2018 by distributors and brokers. The import volume of 32 distributors and brokers of electronic components to Russia amounted to \$87 million.

Does NEC offer a warehouse in Moscow?

NEC offers a warehouse in Moscow for your convenience during our collaboration. You can arrange to pick up your order by notifying the manager overseeing your company in advance. We strive to make the process of receiving your order as convenient as possible, guaranteeing fast and accurate delivery within Moscow and the Moscow region.

What products are available in Russia?

Proof of production on Russian Federation territory, issued by the Ministry of Industry and Trade of the Russian Federation. Product range of UPS AC and DC. Uninterruptible power supply devices in a container. A range of charging stations for electric vehicles. Block-modular inverter installations for solar energy.

Who makes mornsun products in Russia?

I should mention that until early 2019, ECO was the only official distributor of MORNSUN products in Russia, having been extremely successful in promoting the leader MORNSUN to the Russian market. ECO company exists since 2004, dealing with supplies of almost PS only. Here is what the company's website

tell us.

What is UPM power supply?

UPM is a system of guarantee power supply of industrial application with capacity from 10 to 120 kVA used for ensuring the smooth operation of CNC machines, technological equipment, oil pumping stations and other production facilities.
