New energy storage unit in Romania

Overview

Trina Storage is set to supply a 65MWh battery energy storage system (BESS) for a new project in Romania, marking its first deployment in the country. Will Romania's natural gas storage facilities reach 80% capacity?

BUCHAREST, Oct 3 (Reuters) - Romanian natural gas storage facilities have been filled above a targeted 80% capacity and could reach 90% by Nov. 1, deputy Energy Minister Dan Dragan said on Monday. Unlike other countries in the region, Romania relies less on Russian gas.

When was the first natural gas storage facility built in Romania?

The first natural gas storage facility in Romania was built in 1958 at Ilimbav, Sibiu County. This facility allowed the country to take over seasonal and hourly consumption peaks.

What is the Romanian Energy Center?

The Romanian Energy Center (CRE) is a non-profit, non-governmental organization with the main objective to promote the active participation of Romanian state-owned and private companies in the Energy Market towards European partnerships, in European co-financed projects, and, most importantly, in the European decision-making process.

Is a re-industrialised and energy-secure Europe within reach?

A re-industrialised and energy-secure Europe is within reach!" Prime Batteries CEO Vicentiu Ciobanu said the project would be increased to 216MWh in 2025. Ciobanu and other attendees claimed the project is in the top five largest hybrid plants of its kind in Europe, and when increased to 216MWh of storage capacity would be the largest.

New energy storage unit in Romania

Romania's largest electric energy storage launched by Prime ...

Oct 4, 2024 · The storage unit, with an installed capacity of 24 MWh, has been built in the Constanta county in Romania by Monsson, based on Prime Batteries Technology solutions. It ...

Public debate on 150 million Euro state aid scheme for energy storage

Jul 19, 2024 · The Romanian Ministry of Energy has launched into public debate a new state aid scheme of 150 million Euros financed by the EU Modernisation Fund for investments in energy ...

Hidroelectrica wants to install energy storage batteries at the ...

Jul 29, 2025 · Hidroelectrica, the largest electricity producer in Romania, has launched a contract in the electronic public procurement system for the acquisition of a storage facility with ...

Nova Power & Gas confirms investment in the largest battery storage

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest battery energy storage project in Romania. ...

Romania: Trina Storage to Deliver 65MWh Battery System for Romanian

Aug 4, 2025 · Trina Storage is set to supply a 65MWh battery energy storage system (BESS) for a new project in Romania, marking its first deployment in the country. The initiative, located in ...

Romania's Simtel to develop 196 MWh BESS for GURIS Group unit

Jul 7, 2025 · Romanian technology and engineering company Simtel Team said it has signed a contract worth 168.9 million lei (\$39.1 million/33.3 million euro) to develop a battery energy ...

Battery storage project pipeline in Romania in rapid

expansion

Aug 16, 2025 · The battery energy storage system project is for 20 MW in operating power and 80 MWh. It would consist of 16 containers, 192 inverters and four transformer units. The wind park ...

Nofar wants to build 350 MW of energy storage units in Romania

Mar 16, 2025 · Nofar plans to build energy storage units alongside its renewable energy projects in Romania. Although there are still some problems in Romania due to the current legislation, ...

Nova Power & Gas confirms investment in Romania's largest ...

Jul 23, 2025 · Nova Power & Gas, a Romanian energy company and part of the E-INFRA group, announces the start of the largest battery storage project in Romania. The facility, to be built in ...
