ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

The diagram shows a vertical ESS unit with a central battery compartment. It features two green vertical lines on the left and right sides. A central blue and white octagonal symbol is present. At the bottom, there are two yellow warning triangles with exclamation marks. The unit is labeled 'ESS' in green at the top right.

Overview

How much does solar cost in Nicaragua?

Solar obviously changed our bills, average is around \$10 per month instead of \$150. But even better is we don't notice the power outages anymore. I previously worked with the "best rated" Nicaraguan solar company and the workmanship and professionalism was not even close to Nicamisol's.

How much does solar cost per month?

You won't have to worry about outages. You'll pay less per kW per month. We monitor your system in real time and are able to respond quickly. Solar obviously changed our bills, average is around \$10 per month instead of \$150. But even better is we don't notice the power outages anymore.

How long does it take to install a solar photovoltaic system?

We plan and install your solar photovoltaic system which usually takes us 2-3 days in case of rooftop residential systems. After your system is up and running, we continue with ongoing support and monitoring. Our clients can have peace of mind knowing that we are monitoring their system. Our equipments have 25 years of warranty.
