

SolarInnovate Energy Solutions

Niamey Energy Storage Power Station Construction

Overview

In Chad, the company will supply 4 × 18V32/40 CD engines to a new power plant providing a total of 35 MW to the national grid. Currently under construction north of national capital, N'Djamena, the transport of the plant's heavy duty engines and auxiliary.

MAN Energy Solutions is also involved in the expansion of a power plant near Niger's national capital, Niamey. With 4 × MAN 18V48/60TS engines already in operation on-site, the addition of another engine of the same type will add another 20 MW to the power.

MAN engineers recently commissioned 3 × MAN 18V51/60TS engines for a power plant expansion in Burkina Faso. The plant in Kossodo, a suburb of main city, Ouagadougou, will.
