Niue power battery bms wholesale

Overview

What are BMS products?

As electronic systems, BMS products play a pivotal role in monitoring and managing the performance of rechargeable batteries in various energy storage systems, including lithium battery, lead acid battery, and lifepo4 battery modules and packs, which are widely used in battery-powered applications.

What is battery management system (BMS)?

Battery management system (BMS) is commonly known as battery nanny or battery steward. The three core functions of BMS are battery cell monitoring, state of charge (SOC) estimation, and cell balancing.

Which BMS products are available in the domestic market?

It holds a prominent position in the domestic market, boasting a high market share. The company's automotive BMS range encompasses EV01, EV02, EV03, EV04, and EVO5 series, in addition to supplying large-scale BMS products to energy storage system integrators.

Which is the best lithium-ion battery manufacturer in China?

MOKOEnergy is one of the best lithium-ion battery manufacturers in China, offering a diverse range of BMS customization options (customizable options: brand, specification, appearance, performance, etc.). Moreover, MOKOEnergy is certified by SGS ISO14001, ISO9001, QC08000, and TS16949.

How big is the battery management systems market?

According to a market research report by MarketsandMarkets, the global battery management systems market is projected to experience substantial growth, from USD 5.2 billion in 2020 to USD 12.6 billion by 2025, with an impressive compound annual growth rate (CAGR) of 19.5%.

Who makes battery-related accessories?

ATL's sister company, CATL., produce battery-related accessories, such as BMS. Huizhou E-POWER Electronics Co., Ltd was founded in 2006, advocating green, energy -saving and environmental protection as the future development concept.
