

SolarInnovate Energy Solutions

Order a home energy storage battery pack

Overview

What do we need to complete the battery storage package?

To complete the package we need a battery storage solution that integrates with the zappi and eddi, through that single myenergi app, so we can more smartly control when the excess solar goes to the hot water tank, car or battery and when the battery should discharge to supply the house, car or hot water tank.

Why should you choose Bess home energy storage battery OEM?

BESS Home Energy Storage Battery OEM allowed us to customize a solution that perfectly matched our business's energy profile. We can store energy during off-peak hours and use it during peak times, resulting in significant cost savings. This energy independence has been a game-changer for us, giving us better control over our operational costs.

How does a lithium-ion home energy storage system work?

The lithium-ion home energy storage system efficiently integrates the battery system, inverter, BMS, and EMS into one, maximizing the use of clean and economical renewable energy, allowing your home to enjoy an all-weather uninterrupted green power supply. Connect to the exclusive APP, and the power consumption of the home can be seen at a glance.

Why should you choose our solar battery storage system?

Our products have the certifications CB, CE (EMV & LVD), UL1973, and UL9540A, up to preserve, and the factory has passed the international certificates ISO9001 and ISO14001. Our solar battery storage systems are known for their high cycle life, security, and stability. Thousands of families enjoyed the advantages of our energy storage systems.

What is evlithium residential energy storage?

Solar power systems are now installed in many homes, helping reduce

electricity bills while also helping to protect the planet. EVlithium residential energy storage system can be connected to the off grid solar power generation system to ensure that users can use environmental energy at any time, 24 hours.

How does Bess home energy storage battery work?

BESS Home Energy Storage Battery integrates seamlessly with our smart home technology. Through the BESS app, we can monitor our energy usage in real-time and make adjustments to optimize our consumption. We also receive alerts about our energy levels and battery status, so we're always in control.
