

**SolarInnovate Energy Solutions**

# **Photovoltaic cell module brand**

## Overview

---

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

Who makes photovoltaic modules in South Korea?

3. Analysis of the Top 10 Global Photovoltaic Module Manufacturers in 2025  
Hanwha Q CELLS, the core energy enterprise of South Korea's Hanwha Group—one of the country's top ten conglomerates—has a well-established presence in module manufacturing, R&D, and global market operations.

How resilient are solar PV module manufacturers in 2024?

The new global solar PV module manufacturer rankings report stated that these manufacturers have demonstrated remarkable resilience and firm performance in the first half of 2024. According to the report 'Global solar module manufacturer ranking H1 2024', top ten manufacturers have sufficient capacity to meet global annual demand.

Which solar module manufacturers have enough capacity to meet global demand?

According to the report 'Global solar module manufacturer ranking H1 2024', top ten manufacturers have sufficient capacity to meet global annual demand. Notably, the latest rankings show an increase in non-Chinese manufacturers entering the top 10, with companies from India, Singapore, and Japan making their mark.

What are the key characteristics of global PV module manufacturers?

This report, drawing on the latest developments in the 2025 market, analyzes

the key characteristics of the top 10 global PV module manufacturers across four dimensions: technological capability, vertical integration, international presence, and performance in the European market.

What makes a good solar cell manufacturer?

**Production Capacity:** The ability to manufacture solar cells at scale is essential for meeting worldwide demand. **Market Share:** A manufacturer's dominance in the global market reflects its reliability and influence. **Technological Innovation:** Companies that pioneer new technologies or achieve higher efficiencies stand out.
