Photovoltaic modules exported to North America

Overview

Who exports solar modules to the US?

It is among the largest exporters of solar modules to the US. Several of their firms have plans to expand. For example, the local Sunova Solar Technology in Vietnam exports its solar modules to the US market. It had also announced the opening a solar module manufacturing center in the US in 2024.

Which country exports the most solar panels to the US?

Buoyed by the tariff exemption from the US for two years and a boost in domestic solar module manufacturing, Thailand also emerged as one of the prime exports of solar modules to the US, a report from the NREL hinted. US remained the leading spot globally for the country for the export of solar panels.

Why does Malaysia export solar modules to the US?

Like Vietnam, Malaysia also enjoys special tariff discounts from the US which propelled its exports of solar modules to the country. The quarterly reports from NREL claimed that Malaysia remained one of the most sought-after countries for the US to import solar modules into the US.

What percentage of solar panels are imported from Vietnam?

Almost 40 percent of these solar panels imported into the U.S. during this period came from Vietnam. In 2012, the Obama administration implemented duties on solar equipment imported from China to counteract the competitive edge held by foreign companies.

How many solar panels did the US import in 2024?

The United States imported approximately 14 billion U.S. dollars worth of solar PV modules between January and October 2024. Almost 40 percent of these solar panels imported into the U.S. during this period came from Vietnam.

What is the sinovoltaics supply chain map - North America for Q2 2024?

June 1, 2024 The Sinovoltaics Supply Chain Map (SSCM) - North America for Q2 2024 includes several notable changes for the US solar market since our Q1 report, emphasizing the importance of supply chain traceability. Several new solar panel manufacturers and related PV factories have been added.
