Overview

What is Polish Energy Storage Association?

Polish Energy Storage Association – together we are building a modern, solid and secure electric power system in Poland. We are integrating innovative companies and organisations involved in developing the power sector and environment protection, we are promoting and supporting energy storage facilities.

How can Stora support Poland's energy transition?

At Stora Energy, we are proud to directly support Poland's energy transition. By developing grid-scale battery energy storage systems (BESS), we play a crucial role in ensuring a smooth and efficient transition to a more sustainable energy system.

Who is Stora energy?

Stora Energy is a Polish family-owned firm dedicated to energy and grid stabilization. With decades of experience, we provide stability to the electrical grid, ensuring increased reliability and security. Join us in supporting Poland's energy transition.

Why should you choose Stora energy?

Our projects contribute to the overall stability and reliability of the electrical grid, paving the way for a greener future. Stora Energy is a locally-owned firm based in South Poland, driven by a passion for energy and grid stabilization. With our extensive experience in energy and development, we are committed to conducting business responsibly.
