Port Moresby Solar Monitoring Power Supply System

Overview

Can PNG Power install a solar PV system in Port Moresby?

PNG Power has installed a 150kW rooftop solar PV system at the Mineral Resources Authority (MRA) office in Mining Haus, Konedobu, Port Moresby. This installation was done through PNG Power's two-megawatt rooftop solar PV pilot programme in the Port Moresby grid.

What is Port Moresby power station?

The Port Moresby Power Station will provide reliable power to Port Moresby and is the lowest cost dedicated grid connected thermal generation in the country. Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG.

Where is a 150kW rooftop solar PV system installed in Port Moresby?

PNG Power has worked with the Mineral Resources Authority (MRA) to install a 150kW rooftop solar PV system at the MRA office in Mining Haus, Konedobu, Port Moresby. One of them, the MRA, launched its 150kW rooftop solar PV system at MRA Haus in Port Moresby on Tuesday.

How will the Port Moresby power grid be impacted?

Load forecasts for the Port Moresby power grid have increased significantly in recent years and demand is expected to rise significantly in coming years, fuelled by high economic growth associated with the proposed LNG Plant as well as continued growth in the mining sector and associated industry.
