

## SolarInnovate Energy Solutions

# Portable power source factory in Portugal

**Low Voltage  
Lithium Battery**

**6000+** Cycle Life

## Overview

---

Does Portugal have a power supply sector?

On a global scale, Portugal's power supply sector is part of the European Union's broader energy goals, emphasizing sustainability and energy independence. Engaging with local stakeholders and understanding market dynamics can enhance opportunities for collaboration and growth within the industry.

What type of power supply does soluparts offer?

With over 40 years of market experience, the company is well-equipped to handle various power supply needs. Soluparts offers a single-phase power supply (SPD121201BN) with an input voltage of 90-264VAC and an output voltage of 12VDC, capable of delivering 10A and a total power of 120W.

Why does BorgWarner Powerdrive have a new plant in Europe?

“Europe is a very important manufacturing base for global automakers. Our newest plant is strategically located to serve our customers with localized production and to meet growing demand for electrification products,” said Tony Allen, President and General Manager Europe, BorgWarner PowerDrive Systems.

Does Portugal have a green energy policy?

Portugal has made significant strides towards renewable energy, with wind and solar power being substantial components of its energy mix. Understanding the regulatory framework is essential, as the government supports green energy initiatives through various incentives and policies.

Why did BorgWarner invest in Viana do Castelo?

“BorgWarner’s investment in a new industrial plant for the electric vehicle segment in Viana do Castelo is a clear demonstration of Portugal's attractiveness for high value-added projects and a clear commitment to the

future of electric mobility.

Why did BorgWarner build a new plant in Viana?

"The new plant in Viana fits BorgWarner's global growth strategy and demonstrates the company's commitment to Portugal as an industrial location," Hugues Simion, Plant Manager, BorgWarner PowerDrive Systems Viana, added.
