

SolarInnovate Energy Solutions

Qatar outdoor inverter field

Overview

Who is qatarenergy?

QatarEnergy is the client for this project, which will generate a total of 875 MW. The project has 417MW and 458MW solar plants, to be built in Mesaieed, about 40km south of the capital Doha, and in Ras Laffan, roughly 80km north of Doha respectively.

When will Qatar's new power plant be built?

Construction will begin in September 2022 and is expected to finish in November 2024. When complete, the plants will supply power to facilities in the industrial complex owned by QatarEnergy and Qatar's national electrical grid.

How many solar panels will be installed in Doha?

The project has 417MW and 458MW solar plants, to be built in Mesaieed, about 40km south of the capital Doha, and in Ras Laffan, roughly 80km north of Doha respectively. Samsung C&T E&C is the exclusive engineering, procurement, and construction (EPC) contractor and will install 1.6 million solar panels.
