

SolarInnovate Energy Solutions

Reykjavik UPS dedicated battery cabinet manufacturer

Overview

What are Arimon battery cabinets?

Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries. All battery cabinets are constructed from heavy gauge steel with a durable welded frame and acid resistant powder coated finish available in a wide range of colors.

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.

Reykjavik UPS dedicated battery cabinet manufacturer
