# San Diego glass photovoltaic roof

## Overview

---

Do I need a residential rooftop-mounted solar PV permit?

A Residential Rooftop-Mounted Solar PV Permit is required to install a residential rooftop-mounted solar PV system or solar photovoltaic shingles. PV systems for single-family, duplex or townhouse roof installations designed per the template in Information Bulletin (IB) 301 will be self-issued with no plan review with the limits/allowances below.

Do I need a plan review for a solar PV project?

Photovoltaic (PV) projects meeting the criteria below do not require a plan review and can be submitted electronically using a Residential Rooftop-Mounted Solar PV Permit. A Residential Rooftop-Mounted Solar PV Permit is required to install a residential rooftop-mounted solar PV system or solar photovoltaic shingles.

Do I need a professional certification for a solar PV project?

The previous requirement for professional certification is no longer required. Photovoltaic (PV) projects meeting the criteria below do not require a plan review and can be submitted electronically using a Residential Rooftop-Mounted Solar PV Permit.

Who is San Diego's first platinum installer?

San Diego's first Platinum Installer! We're excited to announce that Palomar Solar and Roofing has been designated by Enphase as the first Platinum installer in San Diego County. It's an honor to have this designation and look forward to continuing our relationship with Enphase. However, a designation alone is not enough.
