# **San Marino Outdoor Power Supply and Lithium Iron Phosphate**

## Overview

---

Who is supplying lithium iron phosphate (LFP) batteries?

Moreover, in July 2024, LG Energy Solution has announced its agreement to supply lithium iron phosphate (LFP) batteries to Renault Group's electric vehicle (EV) brand, Ampere. Some of the key market players operating across the lithium iron phosphate battery market are:.

What is the lithium iron phosphate battery market?

The lithium iron phosphate battery market is segmented into industrial, automotive and energy storage based on end use, The automotive segment has held a market share of 77.6% in 2024. LFP batteries typically offer longer cycle life than other lithium-ion chemistries, often lasting between 2,000 to 5,000 charge cycles.

Are LFP batteries the future of energy storage?

According to the U.S. Energy Information Administration (EIA), the industrial sector is increasingly relying on advanced battery technologies, including LFP batteries, for energy storage and operational efficiency.
