## Overview

---

### How to export goods to Slovenia?

Exporting goods to Slovenia involves several key steps. Here's a detailed guide: Understand Slovenia's import regulations and product standards. Determine the Harmonized System (HS) code for tariff and regulation details. Gather necessary export documents: commercial invoice, packing list, certificate of origin, and bill of lading.

### Are exported goods exempted from Value Added Tax in Slovenia?

Exported goods, in accordance with the Article no. 52 of the Law on Value Added Tax, are exempted from value added tax, when can be proved by the export declaration. The tax is chargeable for the import of goods and those importing goods in this country must also verify when they need to conduct the steps for VAT registration in Slovenia.

### Does Slovenia have a import levy?

In case you are interested in import and export in Slovenia you must know that, in case of imports, there is an import levy that must be paid for certain agricultural products and foodstuffs, but can be exempted for under certain provisions of the Customs Act and also in case of bilateral trade agreements (or can be paid at a smaller rate).

### Do I need to file a VAT declaration in Slovenia?

The tax is chargeable for the import of goods and those importing goods in this country must also verify when they need to conduct the steps for VAT registration in Slovenia. In certain cases it is not necessary to submit the written declaration, but the goods may be exported with an oral declaration.

### How do I register a business in Slovenia?

Here's a detailed guide: Register for an Economic Operators Registration and Identification (EORI) number through the Slovenian Customs Administration.

Determine the Harmonized System (HS) code for your products to understand tariffs and duties. Verify if your goods need specific licenses or permits from relevant authorities.

Why is Slovenia a part of the European internal market?

Since the 1st of May 2004 Slovenia is part of the single European internal market, with the main benefit of free movement of goods, services, individuals, monies and capital, fact that helps the import and export market in Slovenia.
