Looking for the top solar EPC companies in Delhi NCR?

.

What are the different types of solar panels in Delhi?

Solar panel systems come in different types and sizes to suit the varying needs of residential and commercial customers. These include off-grid solar, on-grid, and hybrid-type solar systems. Currently, the solar subsidy in Delhi only applies to on-grid solar systems installed on-site.

Are solar panels a smart investment in Delhi in 2025?

Delhi is moving fast towards clean energy, and rooftop solar systems are becoming a popular choice for homes and businesses. With rising electricity bills and government support, installing solar panels in 2025 is a smart investment.

Which company manufactures solar panels in India?

Okaya is based in New Delhi and maintains three manufacturing plants across India. Waaree Energies is India's largest manufacturer of solar PV modules. It has delivered more than 6 gigawatts of solar modules across 20 countries. Waaree's solar solutions include EPC services, solar products and energy storage.

How to get solar subsidy in Delhi?

The Government of India has incentivized rooftop-based solar system

installation and usage to make them more profitable for residential users. Eligible applicants can avail solar subsidy in Delhi by simply visiting the National Portal for Rooftop Portal.

How to save money on solar panels in Delhi?

With both subsidies combined, you can save up to 40% on total solar cost. For instance, a 3 kW system priced at ₹1,22,979 can drop to around ₹73,787 after subsidies. When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable.
