

## SolarInnovate Energy Solutions

# Smart solar inverter in China in Oman

## Overview

---

Why is JA Solar technology investing \$540 million in Oman?

Chinese company JA Solar Technology is investing \$540 million to establish a solar cell and module production facility in Oman. This project strengthens Oman's position as a regional hub for photovoltaic manufacturing and supports the country's efforts to build local production capacity for its emerging green hydrogen industry.

How much does a solar plant cost in Oman?

The plant, estimated to cost around \$700 million, will support the production of 5 gigawatts (GW) of high-efficiency solar cells per annum. Adding to Oman's investment appeal around solar PV manufacturing is the ongoing development of a world-scale polysilicon production plant at SOHAR Port and Freezone.

Why is Oman investing in solar PV Manufacturing?

Adding to Oman's investment appeal around solar PV manufacturing is the ongoing development of a world-scale polysilicon production plant at SOHAR Port and Freezone. Polysilicon is a critical ingredient in the manufacture of solar panels, among an array of components, such as integrated chips and sensors for the global electronics industry.

Is 2024 a good year for Oman's solar industry?

Significantly, 2024 has also been a banner year for predominantly Chinese-led investments in Oman's burgeoning solar photovoltaic manufacturing industry.

How much will JA Solar invest in China?

In its filing, Shanghai-headquartered JA Solar said it plans to invest 3.96 billion yuan (equivalent to about \$540 million) in a large-scale facility with an annual capacity of 6-gigawatt high-efficiency solar cells and 3-gigawatt high-power solar modules. The project will to be implemented in phases, it noted.

Where is JA Solar ranked in the world?

JA Solar is currently ranked among the largest manufacturers and exporters of solar PV systems globally MUSCAT: Leading Chinese firm JA Solar Technology plans to set up a major solar cell and module production plant in the Sultanate of Oman with an investment of around \$540 million.
