

**SolarInnovate Energy Solutions**

# **Sophia Industrial and Commercial Energy Storage Cabinet**

## Overview

---

What is Sophia storage?

Sophia is a modern transactional key-value / row storage library. It is designed as a RAM-Disk hybrid storage and is known for providing the best possible on-disk performance without degradation in time. Sophia offers guaranteed O (1) worst case complexity for read, write, and range scan operations.

Which energy storage systems are best for commercial & commercial facilities?

AlphaESS industrial and commercial energy storage systems can provide the one-stop C&I energy storage solution for commercial and industrial facilities. Our solar PV and battery storage solution help maximize energy independence and reduce grid power demand. Residential & commercial battery energy storage systems available.

What are commercial and industrial energy storage solutions?

Our commercial and industrial energy storage solutions offer from 30kW to 30+MW. We have delivered hundreds of projects covering most of the commercial applications such as demand charge management, PV self-consumption and back-up power, fuel saving solutions, micro-grid and off-grid options.
