

## SolarInnovate Energy Solutions

# Stockholm Energy Storage Battery Project

## Overview

---

Named Isbillen Power Reserve, the 1-hour duration Battery Energy Storage System project will be the largest in Sweden and the largest in the Nordics by megawatt (MW) power. What is the largest battery energy storage system in Sweden?

The project is the largest in Sweden which is under construction. Image: Neoen. Independent power producer (IPP) Neoen and system integrator Nidec have started construction on a 93.9MW/93.9MWh battery energy storage system (BESS) in Sweden, the largest in the country.

When will a battery energy storage system be built in Sweden?

Construction has begun on Sweden's largest Battery Energy Storage System (BESS) undertaken by Neoen, an Independent Power Producer and Nidec, a system integrator. The project has been projected to come online in early 2025. Neoen is headquartered in Paris.

How many large battery storage systems are deploying in Sweden?

Fourteen large battery storage systems (BESS) have come online in Sweden, deploying 211 MW/211 MWh for the region. Developer and optimiser Ingrid Capacity and storage owner-operator BW ESS have been working together to deliver 14 large BESS projects across the Swedish grid in tariff zones SE3 and SE4.

Is Elektra the largest battery storage project in Sweden?

However, neither of these projects had been completed and energised when RES launched the Elektra energy storage project in late April, a 20 MW/20 MWh project billed as Sweden's largest battery storage project at the time.

What is Sweden's largest energy storage investment?

Sweden's largest energy storage investment, totaling 211 MW, goes live, combining 14 sites. 14 large-scale battery storage systems (BESS) have come

online in Sweden to deploy 211 MW / 211 MWh into the region.

What is the Elektra energy storage project?

The Elektra Energy Storage Project, Sweden's largest battery storage project, is now fully operational. Located in Landskrona, southern Sweden, the project will provide ancillary services to help balance the grid for Landskrona Energi. RES developed the 20 MW / 20 MWh project along with SCR, as well as provided construction management services.

## Stockholm Energy Storage Battery Project

---

### Sweden's Minister for Climate and the Environment ...

Oct 23, 2024 · Since 2023, Ingrid Capacity has partnered with BW ESS to develop 14 large-scale battery storage projects at strategically selected locations throughout Sweden's electricity grid, ...

---

### Monsson accelerates expansion in Sweden with new 20 MWh energy storage

Jul 25, 2025 · Just two months after its first acquisition of a battery energy storage system (BESS) in Sweden, Monsson has secured a second project - a 20MWh facility in Härryda, western ...

---

### The Largest Energy Storage Portfolio in the Nordic Countries ...

Nov 8, 2024 · Romina Pourmokhtari, Sweden's Minister for Climate and Environment, officially inaugurated the largest energy storage park in the Nordic region. The initiative, led by Ingrid ...

## Flower buys 40 MW Swedish battery storage site for \$3 million

Sep 19, 2024 · Swedish battery storage trading and optimization company Flower is rapidly growing its project fleet, now acquiring one of the nation's largest sites. The project is a ready ...

## Neoen launches construction of Isbillen Power Reserve, the ...

Jan 31, 2024 · Isbillen Power Reserve will be the largest battery in the Nordics. The 93.9 MW / 93.9 MWh lithium-ion battery will be located in the county of Västernorrland, approximately 100 ...

## BW ESS and Ingrid Capacity Inaugurate the Largest Battery Storage

Oct 10, 2024 · This initiative represents the deployment of 14 large-scale battery storage facilities with a total capacity of 211MW/211MWh - a historic investment and milestone in Sweden's ...
