Taiwan Glass Photovoltaic Glass Industry and Commerce

Overview

Who is Taiwan glass group?

The Taiwan Glass Group established Taiwan Glass China Holding Ltd. in 1993 in order to expand production and boost its domestic and foreign competitiveness, and began expanding its role in the Chinese market through a series of plant development projects in China.

Why is Taiwan glass a leader in the glass industry?

Alongside adapting and innovating, as a leader in the glass industry, Taiwan Glass, with all stakeholders, is intensifying sustainable transformation efforts and establishing a low-carbon operational model, building upon our strong foundation.

Why is Taiwan glass pursuing bids?

In the container, tableware, kitchenware and private brand sector, Taiwan Glass is actively pursuing bids for various domestic market projects and securing foreign orders to enhance profit margins.

Why is Taiwan glass a good choice for fiber business?

The market sees promising business opportunities after these changes and expects them to stimulate the industry and economy. In the fiber business, Taiwan Glass is focused on cost reduction, speeding up R&D and enhancing product value.

Why should you choose Taiwan glass?

These products consistently earn certifications from major international end-users. Through collaboration with Owens Corning in FRP, Taiwan Glass is increasing production capacity, lowering costs, and providing customers with comprehensive and high-performance environmentally friendly products.

How did Taiwan glass perform in 2023?

Reviewing Taiwan Glass's performance in 2023, various factors like inventory clearance in the electronics sector, inflation, and exchange rate losses have impacted overall results. The group's consolidated revenue for 2023 amounted to NT\$45.62 billion, with a post-tax net profit of NT\$25 million.
